She's really grounded, definitely ahead of others in her age range for sure. Keep up the good work!

So stinking cute! You have such a wonderful maturity to your work. I loved the brother/sister relationship you created—it felt so real, specific, and relatable. It seemed like you were pulling from moments you've actually experienced and applying them to the scene, which made everything feel incredibly natural. You have great instincts. Really lovely work!

Arabella I really enjoyed your performance! You made some excellent choices and had such a natural presence in your scene. I'd love to arrange a Zoom meeting with you and your family to discuss representation.

Good frame, but blurry and need some better lighting.

This helps show your facial expressions more!

Love the passion for acting!

Keep up the great work, and solid all around!

Very mature for her age and knows when to lean in and emphasize. Very well prepared. Didn't need a hand full of tricks to come strong and in charge. Can't say enough good things.

I love that you're working with your sibling and taking it as seriously as you would've with anyone else. You are more mature than your age and your acting instincts are excellent! You maintained a wonderful sense of focus and control of your scene and I was very impressed with how prepared and genuine you were. Moving forward, just watch your pacing so that the lines aren't rushed. Take your time and stay in the moment as much as possible. You are a star in the making so please keep up the great work :)

Adorable duo. I was so distracted by the eyelines. If they are in the same room together why didn't they play off of each other? I know a two shot is always tricky on zoom - but I was so lost watching what was happening with the eyelines. She was very charming and engaging.

Wonderful voice and diction! You would do very well with Voiceover:) Great big sister energy. Reminds me of a younger Momona Tamada in Babysitters Club! Lovely work:)
